

HydroFlex Graffiti Remove Pro Gel

Hydros
SOLUTIONS

An easy to use, Eco Responsible Paint and Graffiti Remover that migrated through each layer of paint and breaks its bond with the surface.

Hydroflex Graffiti Remove Pro Gel is gentle on the surface yet powerfully removes paint and graffiti with ease.

Due to its unique technology, **HydroFlex Graffiti Remove Pro Gel** can be used safely on most surfaces including Metal, Glass, Stone and even on textiles (with care).

Hydroflex Graffiti Remove Pro Gel can remove paint and Graffiti on almost all surfaces and an ideal solution for walls, concrete, tunnels buses, cars, trains, garage doors etc.

Hydroflex Graffiti Remove Pro Gel can be used in industrial applications, in and around the home and also in the office etc. **HydroFlex Graffiti Remove Pro** is also available in a **Pro Liquid** formulation for porous applications that require the product to penetrate into the surface.

Coverage: 1 Litre approximately = 20m²

BEFORE Pro Gel

Application

Simply apply the Remover Pro Gel by brush onto the paint. Keep checking the area to agitate the gel into the paint. Do not allow the product to dry. After 15 minutes the area can be washed clean with a jet or hose to complete the treatment. If a second application is required the surface must be completely dry.

Product Order Codes:

HFX-GRPG200M	200ml
HFX-GRPG5L	5 litres
HFX-GRPG20L	20 litres

AFTER Pro Gel

General Product Properties

- Easy to Use
- Releases the bonding
- Layer by layer removal
- Powerful on paint, Gentle on the surface
- Quickly removes Graffiti without damage to the coating

To protect surfaces against Graffiti attacks, we recommend our **HydroFlex Graffiti Guard** products for porous and non-porous surfaces. These products protect the surface against attack and our **HydroFlex Graffiti Remove Wipes or Liquid** can simply wipe away any graffiti put on these protected surfaces.
